Subject:

FCC File # 0487-EX-ST-2005

---

Message:

Please report the status of the following condition:

The National Telecommunications and Information Administration (NTIA) has questions about satellite communications at 60 miles per hour and would like the Army unit to submit DD Form 1494 for SPS review.

In reference to the report status we have requested an update from our Army customer and will update to the FCC as soon as the Army replies.

Thank you.
