

Orbital Sciences Corporation is under contract to NASA/Johnson Space Center to a) develop a commercial cargo transportation system for delivery of cargo to the International Space Station and perform two demonstration flights of this system, and b) perform eight operational flights to deliver cargo to the International Space Station. The contract documents that govern both items a) and b) are as follows:

a) Commercial Orbital Transportation Services (COTS) funded Space Act Agreement NNJ08TA32S

b) Commercial Resupply Services (CRS) Contract NNJ09GA02B"
