Dear Ms. Hey:

As an attachment to our filing of FCC Form 405 for renewal of our experimental we wish to request that the license term be increased to 5 years instead of the usual 2 years.

This has already been granted to our headquarters location experimental license WA2XCS.

We currently have GMDSS classes scheduled on a regular basis and anticipate their continuing in the future well beyond 5 years.

Thank you for your kind consideration of this request.

Sincerely,

Gregg Trunnell, Director  
Pacific Maritime Institute
