

Amendment of ELS File No. 0234-EX-PL-2012

Panasonic Avionics Company ("Panasonic") respectfully requests to include an additional frequency band to the pending experimental license application (ELS File No. 0234-EX-PL-2012) at each of the two (2) authorized test sites: 2400-2497 MHz. Although not required for amending the pending application, Panasonic will test within the 2400-2497 MHz band in the following three 1 MHz frequencies: 2412 MHz, 2437 MHz, and 2462 MHz.
