Subject: Re: Request for Info - File # 0863-EX-CN-2017

Dear Mr. Serafini,

We've received your message that Application No. 0863-EX-CN-2017 appears to have several duplicate entries. Our belief is that no duplicates are present in the application.

We'd like to draw attention to the "Orientation in the Horizontal Plane" within each Station Location. We've requested that each Action Frequency have three sectors. Therefore, each Action Frequency within the Station Location has a 1, 120, and 240 Orientation in horizontal plane (degrees from True North), but the rest of the information remains identical.

Let us know if we should convey this information in another manner.

Thank you for your continued assistance.

Best,
Bijan
