Subject: Additional Information Request

Message:

This 0390-EX-CN-2019 is unnecessary.
The frequency request can be easily addressed via a mod to your previously granted applications.
1) 0898-EX-CN-2018 Fort Collins, CO
2) 0518-EX-CN-2018 New York, NY

You can add a new antenna and enter the same geographical coordinates with increased radius of operation or with the Frequency request with higher ERP. That way we don't create 2 or 3 Callsigns for a single location.

Please get in touch with for questions or concern. I will dismiss both new license request. Please inform me once you file the mod.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 15, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
