PLEASE SEE COMMENTS FROM DOD AFC MIDLANT CONCERNING STOP BUZZER NOTIFICATION AND FUTURE REQUESTS

This email is your AFTRCC coordination.

This coordination includes this header information, DOD Area Frequency Coordinator comments and AFTRCC comments. These messages must not be separated.

This coordination is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgment that the frequency(ies) is best suited for the applicant's purpose nor that the frequency(ies) is exclusive to the applicant. Flight Test frequencies are shared and may require scheduling with other users.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, agents, members, and representatives from any claims, losses or expenses that may arise from the use of the frequency.

This coordination is not an authorization to transmit. A copy of this coordination must accompany application to the FCC.

Signed:

Wayne Morris

To: Wayne Morris <5600wayne@gmail.com>

Wayne:

MIDLANTAFC concurs with your assessment – and in fact – I would like the following to be placed in the record that is sent back to this user even though you are already saying it.

MIDLANTAFC comments: STOP BUZZER POC (name and cell#) must be provided to MIDLANTAFC office 1 week prior to planned operations. Strict non-interference basis to Flight Test telemetry. All operations are limited to ground based operations only (no airborne operations). MIDLANTAFC additionally notes that this coordination is for one-time experimental/demo purposes only and that MIDLANTAFC and the US Navy will not grant favorable consideration for any additional or operational use of this device in the band 2360-2395 MHz if requested.

Provide STOP BUZZER POC info to:

Midlife Atlantic Area Frequency Coordination Office (MIDLANTAFC)

Code 5.2.2, Bldg 2118

Naval Air Warfare Center Aircraft Division (NAWCAD)

These are ground testing only.

Thanks,

Wayne

AFTRCC concurs with and requests DoD MIDLANT AFC concurrence/coordination on the following Experimental STA request.

Applicant:

Persistent Systems, LLC

[303 5th Ave., Ste.306](#)

[New York, NY 20904-6011](#)

POC: Chris Imlay (Atty) (301-384-5525)

Frequency: 2377.0 MHz

Station class: XT/MO

Emission: 20M0D1D

Power: 10 watts (96 watts ERP)

Location: Virginia Beach, VA (36-55-25 N 76-00-03 W)

MIRAD: 31 miles (50 KM)

Dates: 2019-04-29 thru 2019-05-10

AFTRCC comments: Strict non-interference basis to Flight Test telemetry.

Requester states that all testing will be conducted within MIRAD on military installations.

AFTRCC additionally notes that this coordination is for experimental/demo purposes only and that AFTRCC will not grant favorable consideration for operational use of this device in the band 2360-2396 MHz if requested.

Please reply via return email as to concurrence, non-concurrence, scheduling, or additional comments.
