Subject: Request for Info - File # 1067-EX-CN-2019

---

Message:

Dear Hung Le,

Thank you very much for your quick response.  
Also, thank you for deleting the duplicate entries for me.

I have verified the application and it is correct for the purpose of our experiments.

Please see the attached file that I downloaded from the OET system.  
There are 12 frequencies total, 8 for one location, and 4 for another location, but both locations are the same. There are 4 frequencies with emission designator 75K0A1A and 8 frequencies with emission designator 10H0A0.

Please let me know if this meets your requirement.  
Please also let me know the processing time for making a decision about my application.

Kind regards,  
Peter Driessen
