Subject: Additional Information Request

Message:

Your requested frequency band 1-30 MHz is very broad, and it may affect many services/operations. Please narrow down the band request. Even then there is no guarantee that this request for a 2-year license will be granted. Typically, applicants file for STA for this band for short time duration.

Furthermore, provide interference analysis that your operation in 1-1.6 MHz will not cause any issues with AM broadcast.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 05, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
