Subject: Additional Information Request

Message:

Please address/make changes on the items below.

- 1) Transmitter tab in the application still says 1 - 30 MHz request even though your email says station high frequency reduced from 30 MHz down to 20 MHz. If this is correct then go ahead and make the change in your application.
- 2) Your exhibit Potential Interference with AM broadcast service says Digisonde has a peak power of 0.3 kW and that it is less than 1% of service broadcast AM power. The Transmitter tab is requesting 1.829 kW peak ERP. Which one is correct?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of November 20, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
