Mr. Kool,

So this is basically a request for an authorization of an STA only for one location which is state of New York and there is no need for N.J. location. Is this correct?

Subject: Q5X experimental License application

Dear Mr. Behnam Ghaffari
Thank you for contacting us about our experimental license application. I have modified the information as requested. It was my intention to renew the same experimental license, file number 0140-EX-ST-2009. However but just for the state of New York.
Please contact me if you require any additional information
Sincerely
