In re Application of

RF Film, Inc.
10500 Airpark Way
Unit M-3
Pacoima, CA 91331

To Operate in the 2200 -2290MHz Telemetry
Band to Provide Television Coverage in Las Vegas, Nevada.

ATTN.: Microwave Branch

RF Film, Inc. hereby requests Special Temporary Authority (STA) to operate in the 2200-2290Mhz telemetry band pursuant to Section 21.25 of the Commission's Rules. RF Film, Inc. requests that the Commission grant it temporary authority to operate on the frequency centered at 2211MHz with a 16 MHz bandwidth from April 05, 2014 with intermittent usage and ceasing operation on April 09, 2014. As explained below, RF Film, Inc. is filing an STA request for the demonstration of new technology for the National Association of Broadcasters in Las Vegas, Nevada. RF Film, Inc. submits that there are extraordinary circumstances warranting a grant of the STA request.

Gyro-Stabilized Systems has contracted RF Film, Inc. to provide the necessary microwave for the demonstration of their emerging technology. Due to the extreme frequency congestion in the Las Vegas, Nevada area, coupled with the added congestion from traditional Television and News coverage of the special event, RF Film requests the use of channels in the 2200 - 2290 MHz Telemetry Band.

RF Film, Inc. certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2GHz band would serve the public interest by enabling RF Film, Inc to supply the requested remote video coverage for this event. The proposed service would enhance demonstration of new gear by providing on the spot pictures from mobile locations that would not otherwise be available to the production company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: RF Film, Inc.
Address: 10500 Airpark Way Unit M-3
Pacoima, CA 91331

Type and Manufacturer
Of Equipment: Janteq

Power Output: 100mw

ERP: **5W**

Emission: 16M00D7W

Frequencies: 2211.0000MHz

Area of Operation: 10 Kilometers

Coordinates: N 36 07 47.18
W 115 08 12.94

Antenna Height: **HELICOPTER @ 2000' AGL**

Antenna: 2.0dB Omni

Antenna Gain: 2.0dBi

Dates of Operation: April 05, 2014 through April 09, 2014.
(Intermittent Usage during this time Period)

RF Film, Inc. requests an STA to operate on the above-referenced frequency for a period not to exceed 60 days. No application for regular authorization will subsequently be filed.

RF Film, Inc. certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact John Winch, telephone 626 676 1470 and fax 866 986 3456.

Respectfully submitted,
