In re Application of

RF Film, Inc.
10500 Airpark Way
Unit M-3
Pocoima, CA 91331

To Operate in the 2200 -2290MHz Telemetry
Band to Provide Television Coverage in New York, New York.

ATTN.: Microwave Branch

RF Film, Inc. hereby requests Special Temporary Authority (STA) to operate in the 2200-2290MHz telemetry band pursuant to Section 21.25 of the Commission's Rules. RF Film, Inc. requests that the Commission grant it temporary authority to operate on the frequencies centered on 2255MHz and 2276MHz with a 16MHz bandwidth from April 06, 2015 with intermittent usage and ceasing operation on May 06, 2015. As explained below, RF Film, Inc. is filing an STA request for the shooting of a Paramount Pictures feature film currently titled "Half Shell" shooting in New York, New York. RF Film, Inc. submits that there are extraordinary circumstances warranting a grant of the STA request.

Paramount Pictures - Half Shell has contracted RF Film, Inc. to provide the necessary microwave for the filming of this movie. Due to the extreme frequency congestion in the New York City area, coupled with the added congestion from traditional Television and News coverage of the special event, RF Film requests the use of channels in the 2200 - 2290 MHz Telemetry Band.

RF Film, Inc. certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2GHz band would serve the public interest by enabling RF Film, Inc to supply the requested remote video coverage for this event. The proposed service would enhance filming of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the production company.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: RF Film, Inc.
Address: 10500 Airpark Way
Unit M-3
Pocoima CA 91331

Type and Manufacturer
Of Equipment: Janteq

Power Output: 100mw

ERP: 200mW

Emission: 16M00D7W

Frequency: 2255.0000MHz
2276.0000MHz

Area of Operation: 10 Kilometers

Coordinates: N 40 45 01.81
W 073 59 36.36

Antenna Height: 6' AGL

Antenna: 2.0dB Omni

Antenna Gain: 2.0dBi

Dates of Operation: April 06, 2015 through May 06, 2015.
(Intermittent Usage during this time Period)

RF Film, Inc. requests an STA to operate on the above-referenced frequency for a period not to exceed 60 days. No application for regular authorization will subsequently be filed.

RF Film, Inc. certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact John Winch, telephone 626 676 1470 and fax 866 986 3456.

Respectfully submitted,

By: John Winch
