RF Film, Inc.
3379 Rowena Avenue
Suite 1
Los Angeles, CA 90027

To Operate in the 2200-2290 MHz Telemetry
Bands to Provide Television Coverage in Fontana, California.

ATTN.: Microwave Branch

RF Film, Inc hereby requests Special Temporary Authority (STA) to operate in the 2200-2290Mhz telemetry band pursuant to Section 21.25 of the Commission's Rules. RF Film, Inc. requests that the Commission grant it temporary authority to operate on the frequency centered at 2220MHz with an 8 MHz bandwidth from September 14, 2012 with intermittent usage and ceasing operation on September 15, 2012. As explained below, RF Film, Inc is filing an STA request for the Live Television Event "MAVTV 500" IndyCar race at the Auto Club Speedway in Fontana, California. RF Film submits that there are extraordinary circumstances warranting a grant of the STA request.

Gyron Eagle has contracted RF Film, Inc to provide the necessary microwave for their portion of this Live Television Event. Due to the extreme frequency congestion in the Fontana area, coupled with the added congestion from traditional Television and News coverage of the special event, RF Film requests the use of channels in the 2200 - 2290 MHz Telemetry Band.

RF Film, Inc certifies that the operation of the requested channel for the purposes specified herein will not cause interference to any established stations.

Grant of the instant request for STA in the 2.2GHz band would serve the public interest by enabling RF Film, Inc to supply the requested remote video coverage for this event. The proposed service would enhance taping of the event by providing on the spot pictures from mobile locations that would not otherwise be available to the broadcasters. RF Film, Inc is in the process of obtaining the consent of the relevant frequency coordinators for this project.

In accordance with Section 74.633 of the Commission's Rules, the following is provided:

Applicants Name: RF Film, Inc
Address: 3379 Rowena Avenue, Suite 1
Los Angeles, CA 90027

Type and Manufacturer
Of Equipment: Janteq

Power Output: 150mw

ERP: 5W

Emission: 8M00D7W

Frequencies: 2220.0000MHz

Area of Operation: 8 Kilometers

Coordinates: N 34 05 21.11
W 117 29 59.08

Antenna Height: Helicopter @ 2000' AGL

Antenna: 2.0dB Omni

Antenna Gain: 2.0dBi

Dates of Operation: September 14, 2012 through September 15, 2012.
(Intermittent Usage during this time Period)

RF Film, Inc requests an STA to operate on the above-referenced frequency for a period not to exceed 60 days. No application for regular authorization will subsequently be filed.

RF Film, Inc certifies that no party to the application is subject to a denial of federal benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C § 853(a).

Should you have any questions regarding this matter, please contact, John Winch, telephone 626 676 1470 and fax 866 986 3456.

Respectfully submitted,
