This recommendation is advisory only and is not binding on you or the Commission. It should not be taken to constitute a judgment that the frequency or frequencies are best suited to your purposes or needs, nor should they be considered exclusive to any one user.

This frequency recommendation letter will be valid only for a period of 90 days from the date of this letter. If an application for license has not been filed with the Federal Communications Commission within that period, it will be necessary to request a new frequency recommendation.

The original of this letter should be attached to your application for a license when it is filed with the Federal Communications Commission.
