Dear Behnam,

No, Radant (the licensee) does not hold any other FCC authorizations so no other applications are required to be filed with the Commission. Please let me know if you need anything further. Thanks so much for the prompt follow-up.

Ms. Moran,

Thank you for the follow up. For the record, besides the transfer of control application (0051-EX-TU-2013) filed with the FCC Experimental Licensing Branch, are there any other transfer of control applications that are pending or will be filed with other FCC bureaus that related to the transfer of control between Radant Technologies, Inc. and Communications and Power Industries LLC ?
