

Experimentation Objectives

This system will be used in a trade show for demonstration to European clients. This system has been designed for European frequencies and will not be offered for sale in the US with the current frequency scheme. This license, if approved, shall be used for this trade show only and for a very limited amount of time. This system is compliant with European standards in the E-GSM, GSM 1800, and GSM 1900 bands in accordance with European Telecommunication Standards. It shall only be used in the GSM 1800 band for this show. The frequencies requested are band pairs as used in the European countries.
