Subject: FCC FILE NO. 0024-EX-TC-2014

Message:

Ben,

In 2013 Raytheon Company went from six business units to four, BBN was part of Raytheon NCS they now fall under Raytheon Space and Airborne Systems. Our Company policy is that each business spectrum management department is responsible for all frequency assignments and FCC license that supports that business unit. Our policy also states that there only be one FRN per business unit. We are requesting the Transfer of Control so that all Raytheon SAS FCC Licenses fall under one FRN.

Respectfully Submitted

Craig D Mauldin

Raytheon SAS

Spectrum Coordinator
