Ben,

In the near future I plan to Transfer Control one more Raytheon BBN Technologies FCC OET license (WG2XFP) to Raytheon SAS. This license is under a separate FRN and was not listed on the form 703 application submitted earlier this week. I am waiting for the transferor to complete the form 703 application before we proceed.

Question: Are there any other transfer of control applications that are pending or will be filed with other FCC bureaus?

Answer: As far as the Raytheon SAS Spectrum Department is aware of NO.
