

Jordan Project VHF FCC STA License Request

1 Purpose of Operation

Raytheon Company to provide VHF command and control communications for a border surveillance system based on Harris radio solutions. This site will provide for testing and evaluation of the system that will be deployed for border surveillance. This testing will be conducted at New Mexico State University. We request (3) 25KHz channels for this project.

- File Number: 0172-EX-ST-2014
- Class of Station: MO
- Station Locations: Mobile
- Effective: 03/10/2014
- Expiration:09/10/2014

2 STA Explanation

As detailed in paragraph 1 above, Raytheon seeks this STA in order to provide communications support to allow testing and technical demonstrations of this Harris Radio solutions surveillance system.
