Message:

The coordinates on the FAA document are different than the coordinates on your application. Can we change the coordinates on the application to match the ones on the FAA coordination? If not, please re-coordinate with the FAA and provide them with the coordinates indicated on the application. Furthermore, please report the UAV's above ground level elevation (AGL). AMSL is a different indicator.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of October 14, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
