

Rajant Radio STA License Request

1 Purpose of Operation

Raytheon Integrated Defense Systems (IDS) to test Data from the DSTN is then wirelessly sent back to the BDOC via the Rajant radios. Northrup is requesting that the entire system configuration be utilized to test their fixes. Their team is inquiring if the use of Rajant radios on site would be allowed.

The test configuration here in McKinney would be set up just like YPG. We would have KRFS system connected to a C-Net box containing the DSTN. Then a wireless link would be set up between the DSTN box and one of our test trailers

- File Number: 1458-EX-ST-2016
- Class of Station: FX/MO
- Station Locations: FIXED/Mobile
- Effective: 10/21/2016
