Message:

Mr. Adams,
Please address the followings:

- Is this system being developed for the military and/or FAA? If so, who is the government sponsor?
- Does the Advance Navigation and Positioning Corporation ILS emulator require the use of any ILS? systems and/or frequencies?
- Is there a Transponder Landing System (TLS) component to this system?
- Does the primary radar tune across the entire 9000-9200 MHz?
- Is there a SPS submission for this system pending?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of March 19, 2014 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
