

Raytheon Missile Systems
Experimental License Modification Application
File Number: 0183-EX-CM-2018
Call sign: WF2XVV

Exhibit I – Explanation of Requested Modification

Raytheon Missile Systems (Raytheon) is requesting a modification to its experimental license WF2XVV to remove authorization for testing in the 1755-1850 MHz band.

Because of spectrum refarming, Raytheon has moved all of its operations to the other bands on the license, and the 1755-1850 MHz band is no longer needed.

Should there be any questions about the proposed application, please contact Anne L. Cortez, Washington Federal Strategies, 520-360-0925 alc@conspecinternational.com.
