This email is your AFTRCC coordination.

This coordination includes this header information, DOD Area Frequency Coordinator comments and AFTRCC comments. These messages must not be separated.

This coordination is advisory only and not binding on the FCC. Applicants are advised that this coordination does not constitute a judgment that the frequency(ies) is best suited for the applicant's purpose nor that the frequency(ies) is exclusive to the applicant. Flight Test frequencies are shared and may require scheduling with other users.

In return for AFTRCC's processing of the applicant's coordination request, the applicant agrees to release and hold harmless AFTRCC, its officers, directors, agents, members, and representatives from any claims, losses or expenses that may arise from the use of the frequency.

This coordination is not an authorization to transmit. A copy of this coordination must accompany application to the FCC.

Wayne:

AFC-WSMR concurs with AFTRCC ICN 1167-19/7705, on behalf of Raytheon operations at Albuquerque, NM. Due to the low power, and the fact that it is

fixed at these locations, Raytheon need NOT schedule these operations with AFC-WSMR.

On another note, for all future coordination with AFC-WSMR, please include Ms. Elizabeth (Liz) Ramos, who is now part of the AFC-WSMR Team. She comes to us from the WSMR Spectrum Management Office.

Thank you very much.
