

Exhibit 2:

The antennas are installed at 4 locations on Rice Campus, Sid Richardson building rooftop, Rice stadium, Brown College, BioScience Research Center.

1.

Site name:

Rice Stadium

Location:

North 29-42-58

West 95-24-30

Dirtectional Antenna:

Width of beam in degrees at the half power point: 110

Orientation in horizontal plane (degrees from True North): 270

Orientation in vertical plane (degrees from horizontal): 0

2.

Site name:

Rice BioScience

Location:

North 29-42-41

West 95-24-06

Dirtectional Antenna:

Width of beam in degrees at the half power point: 110

Orientation in horizontal plane (degrees from True North): 330

Orientation in vertical plane (degrees from horizontal): 0

3.

Site name:

Sid Richardson College

Location:

North 29-42-54
West 95-23-57

Dirtectional Antenna:

Width of beam in degrees at the half power point: 110
Orientation in horizontal plane (degrees from True North): 315
Orientation in vertical plane (degrees from horizontal): 0

4.

Site name:

Brown College

Location:

North 29-43-17
West 95-23-44

Dirtectional Antenna:

Width of beam in degrees at the half power point: 110
Orientation in horizontal plane (degrees from True North): 300
Orientation in vertical plane (degrees from horizontal): 0
