Message:

The processing for STAs differ from regular experimental applications. As you may know, operations to use aeronautical bands (i.e. 5000-5250 MHz) require FAA prior coordination. Initial 30-day email notification was sent out on May 21 (more than 2 months ago), I'll add another 30-days for you to provide the required coordination number from the FAA. This time frame (3 months) should be more than adequate to obtain the NGT numbers.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 25, 2019 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
