Hello Mr. Hung Le:

Thank you for the response. Unfortunately, I do not fully understand your directions below. While I get there is a need for a pre-coordination with the FAA (www.faa.gov) for frequencies requested; I do not understand how that is achieved. Beyond filing the application below, how does one execute and achieve a "prior coordination" with the FCC? It is my understand that the FCC application is the vehicle. I have no knowledge or understanding on who or how to contact the FCC for a prior coordination.

Please advise.
Thanks so much
RGG
