The intended confidentiality request letter cannot be kept confidential; therefore, if there are confidential material on this letter please remove them and re-attach your letter and select Non-Confidential button.

There should have only been 4 items uploaded. I uploaded duplicates, as there was an error that occurred after the files were uploaded. Once the errors were corrected, I re-uploaded the requested exhibits.

2. In addition the content of the application (frequency band, emission, location, coordinates, and ERP) cannot be kept from public inspection. With your consent we'll remove the confidentiality from the application, however, the requested attachments remain hidden.

Attached is the updated confidentiality request with the confidentiality request removed from the exhibits list.
