Subject: Request for Info - STA File #1488-EX-ST-2016

Message:

1. You recently amended your application to change output power and ERP for 28.172-28.388 GHz and added the frequency band 28.855-29.071 GHz. Is it your intent to request approval for both bands?
2. The FCC's Satellite Division has requested that you provide an antenna pattern. It can be a calculated pattern, but it needs to show plenty of data points so that it can be viewed graphically.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of December 01, 2016 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
