

Date:05/3/2019

To Whom It May Concern:

This is to certify that:

SPORTSMedia Technology and RUCKUS Networks deploy and manage radio frequency equipment.

The RF experimentation will be conducted by following a strict test plan defined and approved by SPORTSMedia Technology and RUCKUS Networks in a controlled environment.

SPORTSMedia Technology and RUCKUS Networks will have a Project Manager in place to specifically follow the test plan, track results, and publish test results.

SPORTSMedia Technology and RUCKUS Wireless have extensive RF experience and expertise deploying RF networks and has a number of RF engineers on permanent staff.

For the above reasons, I believe SPORTSMedia Technology meets the eligibility criteria for a Special Temporary Authority for an experimental license as set forth in the Commission Rules.

Sincerely,

Robert Larson

A handwritten signature in black ink, appearing to read "Robert Larson, II". The signature is fluid and cursive, with the first and last names being more prominent.
