Dear Mr. Hughey:

This letter is to request an applicant name change for the licenses for the above 4 experimental radio licenses to show that Southern Methodist University is the licensee. Currently the record lists Eugene Herrin as the applicant. The radios are used in the Geophysical Research Program of Southern Methodist University and the records should reflect that. Please change the records to show the licensee name as Southern Methodist University, c/o Eugene Herrin, PO Box 395, SMU Dept of Geology, Dallas, TX 75275.

Sincerely,

A handwritten signature in black ink, appearing to be "E. Herrin", written over a horizontal line.

Eugene Herrin
Principal Investigator
