

Modification of FCC Experimental License WG2XNP

Original FCC File Number: 0647-EX-PL-2012

Modification FCC File Number: 0072-EX-ML-2013

Date of Modification: 4/19/2013

Modification of Flight Elevation

Request to increase test altitude

The purpose of this exhibit is to modify our maximum flight altitude of our Experimental License WG2XPN. SRC respectfully requests the Federal Communications Commission to increase our test altitude from 1500 meters to 2500 meters above ground level. All other aspects of the Experimental License grant remain unchanged.
