Exhibit 3: Cease Buzzer Point of Contact

SRC is aware that there are other services that utilize the spectrum in which our system is capable of operating. SRC understands that operation will be on a secondary non-interference basis. In the event interference complaints were to occur, SRC has taken preventative measures to cease and desist from transmission until they can be resolved. SRC has established a Cease Buzzer point of contact to quickly react with any interference complaints that are the result of our system. The points of contact for the SRC Cease Buzzer are:

Cease Buzzer Point of Contact	Telephone Number
Primary	(315)-452-8114
Secondary	(315) 452-8329
