

FCC Application for Experimental License

File Number: 0504-EX-CN-2019

GPS Re-radiator Equipment

This exhibit contains the equipment to be used at each of the locations where SRC respectfully requests the Federal Communications Commission to grant us an Experimental License for an L1/L2 GPS re-radiating antenna system. The equipment to be used at our facilities located in Syracuse N.Y., Chantilly VA, and San Antonio TX is listed in the table below, containing the name of the location, manufacture, model number, number of units, and experimental designation.

Location	Manufacturer	Model Number	No. Of Units	Experimental
Syracuse, NY	GPSSource	L1L2-2GA-PM-N	4	Yes
Chantilly, VA	Navtec GPS	L1/L2GPNRRKIT	1	Yes
San Antonio, TX	GPSSource	GLI Metro Kit	1	Yes
