Message:

Mr Young,

In response to your correspondence of 5 November 2013 for File Number 1003-EX-ST-2013, requesting SRC to submit a more detailed description of what this experiment will do and a justification for the short turnaround requested start date. I offer the following information:

The reason for the short turnaround time and requested start date is to support the Adaptive Red Team Technical Support and Operational Analysis (ART/TSOA). This activity supports the Deployable Force Protection / Technology Focus Team (DFP/TFT) requirement to provide a timely transition of technology-enabled capabilities to protect a COP/FOB.

Regards,  
Anthony Cimo
