

HURRY-UP® TELESCOPING MAST

Will-Burt's portable 25-ft Hurry-Up Telescoping Mast can be extended to full height in one minute or less, and is ideal for deployment of light weight antennas and instruments. The mast consists of six graduated aluminum tubes which nest one inside another.

Payload Capacity	Extended Height	Nested Height	Approx. Mast Weight	No. of Sections	Tube Diameter Range	Collar Type
20 lb (9.1 kg)	25' (7.6 m)	5' 10" (1.8 m)	29 lb (13 kg)	6	3.5-1.5" (89-38 mm)	Friction Locking

Free-standing unit, so guylines are not needed.

Rigid azimuth locking for quick direction adjustment.

Low friction synthetic bearings for smooth operation and long life.

Anodized finish for corrosion resistance.

Quick lock/release collars to extend mast manually by pushing up sections and fixing them in position.

Mounting is a "drive on" plate with reinforced vertical holding tube.

Standard Equipment

- "Drive On" stand
- Antenna extension stub
- Installation & operation manual
- Shipping crate

Optional Equipment

- External support brackets for permanent vehicle mountings
