Washington, DC 20554

Ms. Garfield,

Salish Kootenai College was granted a FCC experimental construction permit and license for the BisonSat CubeSat effective on 25 February 2015, file number 0001-EX-PL-2015. Salish Kootenai College previously requested ITU frequency coordination and received notice from the ITU on 5 August 2013 of coordinated frequencies of 437.375 MHz for BisonSat downlink and 145.860 MHz for BisonSat uplink.

Salish Kootenai College unconditionally accepts all cost recovery responsibilities associated with ITU filings for BisonSat. Correspondence relating to this obligation should be addressed to me. My contact information follows.
