DISMISSED-WITHOUT PREJUDICE

Dear Ali Atoui,

This refers to application, File No. 1641-EX-ST-2020, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. NTIA objects to the FCC STA request on behalf of San Diego Gas & Electric for El Cajon, CA during the period 30 November, 2020 thru 30 May, 2021, due to harmful interference to federal operations. NTIA notes that San Diego Gas & Electric should be aware that the bands 2200-2290 MHz and 4400-4500 MHz are allocated for federal operations and are highly congested bands. NTIA may not be able to support operational use by non-federal users in either band.

Responses to this correspondence must contain the Reference number : 58823
