

With respect to filing 0130-EX-ML-2015: This is a modification to 0091-EX-ML-2013, call sign WE2XYH:

The modification is as follows:

The location of the two 3M antennas has been changed, by moving them from the roof of one building on the Santa Clara University Campus, to the roof of another building, on the Santa Clara University campus.

The former location was NL 37 20 57, WL 121 56 20,

The new location is NL 37 21 22, WL 121 56 3.

The building roof height above the ground, and the height of the antennas above the roof, and all other aspects of the location, the antenna, the transmitter and the license, are not changed.
