Subject: Request for Info - File #0566-EX-PL-2013

---

Message:

What is the purpose of this application? It looks very similar to WE2XYH, 0091-EX-ML-2013. If this is just to extend operations to the entire state of California, it should have been filed as a modification to that license. Also, will this transmitter be operating while in motion or will it be operating at temporary fixed locations?

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of August 22, 2013 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
