Date: March 26, 2007

Subject: FCC File # 0552-EX-PL-2006

Message:

Mr. John Rogers,

Pursuant to our telephone conversation:

- 1.) Please report a "Stop Buzzer", the name and a mobile telephone number of a person who can cease transmissions immediately at any given time should interference occur. The "Stop Buzzer" point of contact for the authorized device must be identified and available at all times during GPS re-radiation operation of the device under any condition.

- 2.) Please submit an exhibit showing that the maximum equivalent isotropically radiated power (EIRP) shall be such that the calculated emissions are no greater than -140 dBm/24 MHz as received by an isotropic antenna at a distance of 100 feet (30 meters) from the building where the test is being conducted. The calculations showing compliance with this requirement must be provided with the application for frequency assignment and should be based on free space propagation with no allowance for additional attenuation (e.g., building attenuation).

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of March 26, 2007 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.

DO NOT Reply to this email by using the 'Reply' button. In order for your response to be processed expeditiously, you must upload your response via the Internet at <https://gullfoss2.fcc.gov/prod/oet/cf/els/index.cfm> by clicking on the "Reply to Correspondence" hyperlink.
