Subject: Request for Info - STA File #0153-EX-ST-2015

Message:

Hello,

To answer the question, What is the need for this application given that the application it is based on, 1173-EX-ST-2014, is still in effect until July 8, 2015?

The reason is that File number 1173-EX-ST-2014 does not cover the necessary frequencies and spectrum needed for our testing. I have modified this file number to include the necessary changes to the 1900 band to expand to 1995 (it was previously 1930-1990, we need it 1930-1995). I also removed the 2500 band. I had to do this for several sites that I had done before I realized that we needed to extend to 1995 (and that we didnt need the 2.5 band).

Please let me know of any questions.

Thank you,
Ashley
