Message:

Hi Doug,

>Is the equipment being used designed to comply with Part 15 of the FCC's rules?

Yes. The Verizon Digital Kiosk uses Extreme Networks, Inc. equipment previously granted under FCC ID: QXO-AP3917K.

>What is the justification for the 4942.5- 4987.5 MHz band?

The Verizon Digital Kiosk will have an "Emergency 911" call button. Thanks!

Alvin

Date of Original Email: 03/08/2018

Is the equipment being used designed to comply with Part 15 of the FCC's rules?

What is the justification for the 4942.5- 4987.5 MHz band? This band is used for public safety. Under 47C.F.R.§5.85(d), "Applicants in the Experimental Radio Service shall avoid use of public

safety frequencies identified in part 90 of this chapter except when a compelling showing is made that use of such frequencies is in the public interest. If an experimental license to use public safety radio frequencies is granted, the authorization will include a condition requiring the experimental licensee to coordinate the operation with the appropriate frequency coordinator or all of the public safety licensees using the frequencies in question in the experimenter's proposed area of operation."

The items indicated above must be submitted before processing can continue on the above referenced application.

Failure to provide the requested information within 30 days of 03/08/2018

may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
