Subject: File No.0291-EX-ST-2010

---

Message:

I would like to change this request from an STA extension to a request for STA. As stated in the initial request, we are working to apply for an experimental license in order to provide authorization on a longer term bases, but would appreciate this short term solution in order to resume our testing in LA. We have ceased operations under STA File No. 0507-EX-ST-2009 as of May 16, 2010.
