

REQUEST FOR STA

By the instant request, ShawnTech Communications, Inc. (“ShawnTech”) requests that the Commission grant to ShawnTech Special Temporary Authority (“STA”) to operate the facilities (the “Facilities”) specified in the instant STA Request. A Start Date of August 21, 2009 is respectfully requested.

As a general matter, ShawnTech is one of the leading resources for communications systems and services for the US corrections market. **The details of the particular experiment subject to this STA Request, and the equipment involved in the experiment, are proprietary in nature and subject to the Request for Confidentiality submitted simultaneously herewith as Exhibit 2.**

The STA is intended to help ShawnTech demonstrate the feasibility of this proprietary technology in a “real-world” environment. Such feasibility testing is anticipated to occur within the six month period after grant of the authority by the Commission. Coordination with co-channel licensees is in process. Accordingly, grant of STA is appropriate under the rules and policies of the Commission.

ShawnTech hereby advises that Dan DeCerbo Jr. will be available by wireless telephone at (937) 361-7461 and will act as a “stop buzzer” if any issues regarding interference arise during testing
