1. You have marked your exhibit as confidential. You must separate out all confidential material from the rest of the application, submit only the confidential information in a separate exhibit and submit an item-by-item justification for the confidentiality request to answer the nine subsections of Part 0.459(b) of the FCC's rules. All non-confidential material must be viewable by the public, including the confidentiality justification.
2. Your exhibit is entitled "608 Form." That is a form utilized by the FCC's Wireless Telecommunications Bureau for regular licensing. What is the reason for filing this application under the Part 5 Experimental Licensing rules and could it have been filed under regular licensing rules?
3. You have submitted a requested start date that has already passed. We do not have to consider applications that are filed less than 10 days before the needed date and would appreciate more notice than that. Change your requested start date to something that is 15 days or more after the date that you reply to this correspondence.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of September 26, 2014 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
