Subject: Request for Info - File # 0822-EX-ST-2021

Message:

It is not clear what your frequency request is. You entered 2270-2290 MHz in the form, but your exhibit first says you are requesting something in the 2360-2390 MHz band and then says you want a 20 MHz bandwidth centered on 2270 MHz. Clarify this frequency request discrepancy.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of May 21, 2021 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
