DISMISSED-WITHOUT PREJUDICE

Dear Aaron Brown,

This refers to application, File No. 0822-EX-ST-2021, for an experimental authorization.

You are advised that the Commission is unable to grant your application for the facilities requested. NTIA objected due to harmful interference with ongoing operations of multiple federal agencies. Sierra Nevada Corporation should be aware that the band 2200-2290 MHz is allocated for federal operations and is an extremely congested band. Non-federal use is on a case-by-case basis.
