Subject: Request for Info - File # 0221-EX-CN-2018

Message:

Your calculations indicate an EIRP 57.5 pW. Our form requires ERP values. $ERP = EIRP/1.64$, so the value in the form should be 35.1 pW. The max value of ERP for a transmitter 10 m from an outside wall is 42.6 pW, less than the 57 pW you have entered. Amend your application accordingly.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of July 09, 2018 may result in application dismissal pursuant to Section 5.67 and forfeiture of the filing fee pursuant to Section 1.1108.
